

**LARRY
ANDERSON
Principal**

Larry Anderson has more than 45 years of experience in commercial & Industrial construction and has held various positions from Project Executive, Sr. Project Manager, Superintendent, Chief Estimator and tradesman. Larry's experience in the construction of clean rooms, commercial / industrial buildings and interiors, entertainment facilities and high-rise projects makes him a valuable asset during the planning and construction phases of any project. His responsibilities include complete start to finish delivery from contract to owner acceptance. Larry will oversee the overall pre-construction and construction process.
